The equality objectives in section 10 below address our duties under current equality legislation up to and including the Equality Act of 2010.

The access plan in Section 11 below addresses our duty under the Special Needs and Disability Act (SENDA) 2001. It also refers to the SEND Code of Practice 01.09.2014 0-25 years.

The community cohesion plan in Section 12 below addresses our duty under the Education and Inspections Act 2006.

Our scheme covers the statutory requirements outlined on page 25 of the EYFS Statutory Framework.

3. Community cohesion: a shared contextual statement

The following statement outlines both the data and current issues relating to ethnicity, religion/belief and socio-economic factors of St Bartholomew's Primary School. As an inclusive school we ensure that children are able to access the curriculum, make progress and encourage full participation in activities that are on offer to them.

- Ethnicity/culture context of the school (local and national)

St Bartholomew's School serves a large village community and has below average numbers of children with a heritage/background other than white British. A very small minority of children learn English as an additional language. The school is growing in size, due to the number of new houses being built within the catchment area.

- Religion/belief context of the school (local and national)

The School is a Voluntary Controlled School with strong links to the local churches and Christian organisations. There are excellent links to the local Church of St Bartholomew's in the village and the children visit regularly for both services and RE enrichment. There are also good links with Quorn Baptist Church. Children are encouraged to learn about World Religions during RE and other cross curricular activities, World Festivals.

Assemblies are predominately Christian and there is a daily act of worship. Children are encouraged to talk about their own and other faiths, they visit other places of worship such as the Mosque and Synagogue as part of their curriculum work.

- Socio-economic context of the school (local and national)

The deprivation indicators of the school are below the national average. The school has a lower than average number of children on free school meals.

- Current issues affecting cohesion at school, local and national level

Racist incidents at school are very rare indeed and children usually mix very well. The school initiates opportunities for children to meet members of other cultures and faiths such as the multi-faith day. The teaching and support staff are fully up to date with the Government's Prevent Strategy and the use of Channel.

- Gender and gender identity
- Disability
- Sexual orientation

Evidence of this process and progress is reported to the Governing Body.

- Racist incidents are also reported to the Local Authority
- Children with Special Needs/ and disabilities are monitored and their progress is reported to their parents through the small steps progress sheets and procedure. The Governing Body is given an overview of their needs and progress
- We track pupil progress by age, gender, ethnicity, socio-economic background and English as a second language
- Incidents of homophobia are recorded and monitored
- Incidents regarding adult behaviour are reported to the local authority in line with the relevant procedures eg racist incidents, aggressive behaviour and staff conduct.

9. How we choose our equality objectives

Our equality objective-setting process has involved gathering evidence as follows:

- i. From the equality impact assessments listed in section 8 above
- ii. From the following data
 - Pupil tracking – O Track and Class Track

 - Reports of incidents
 - Multi agency reports
 - Inclusion in school activities/clubs/visits

 - Outside agencies with a professional interest in individuals or groups such as the school nurse, Parent Support Workers, SALT, CAMHS, Educational Psychologist, Occupational Therapist and medical professionals.

 - Ethnicity
 - Religion or belief
